MEMORANDUM OF RECORD

SUBJECT: HTA-M-19-57

25X1A

Requirement DP/HTA/R-15-57, originated by [REDACTED] requested preparation of a mosaic of the Lhasa area (100 mile radius) to include drainage patterns, location of villages, and smaller populated areas. A mosaic was prepared using the 70mm tracker camera photography from [REDACTED] as no larger scale photography was available. The mosaic was divided into three parts and an overlay prepared for each part showing the information requested.

The completed material, in sanitized form (Secret - Noform - Continued Control) on authority of Mr. Lundahl, was given to [REDACTED] on 23 September 1957. This material consisted of two copies of each of the following:

- Complete mosaic
- Three-sheet breakdown of mosaic
- Foil overlay for each of the three sheets
- Paper copy of overlay for each of the three sheets

This material has been designated Photographic Intelligence Memorandum HTA-M-19-57, and one copy has been placed in the HTA master file. No further distribution has been made.
